

## BREASTFEEDING WORKS !

“Breastfeeding Works!” to celebrate the benefits and joys of breastfeeding, the Breastfeeding Coalition of the Wabash Valley recognizes each year an employer in August, during World Breastfeeding Month.

Recognition and awards will be given to those employers in the Wabash Valley who have been supportive of women returning to work after giving birth and continuing to breastfeed.

Each August the first Breastfeeding Works plaque is given to an employer in recognition for going “above and beyond” in support of an employee who returned to work.
